

FROM PLASTIC TO PLUSH

Multipet International, Inc. is dedicated to sustainability and the preservation of the environment. We understand that Earth's natural resources won't last forever, which is why we consistently look for new ways to create meaningful and sustainable change. By manufacturing products using recycled material, we make sure that the future remains the pet-friendly playground it's supposed to be.

Our sustainable promise begins with plastic water bottles. Each water bottle is crushed and processed into small plastic pellets.

These recycled pellets are then turned into a soft, thread-like material that creates the toy fabric and its stuffing.

We combine these new materials and sew them together to create some of our favorite toys!

OUR RECYCLABLE PACKAGING

Multipet® is part of How2Recycle®! How2Recycle® is a standardized labeling system that clearly communicates recycling instructions to the public. It involves a coalition of forward thinking brands who want their packaging to be recycled and are empowering consumers through smart packaging labels.

PAGE # 9 ITEM # 47175

Based on the iconic characters in our catalog, these soft plush companions are perfect for new puppies or dogs that have high anxiety. Their heartbeat feature, powered by AAA batteries, can help comfort pets by soothing anxiety, promote better sleep, and help ease feelings of separation, stress, or loneliness.

PLUSH

Whether it's huggable play, a companion during napttime, or a gentle toy toss, our plush toys are just the right fit. Made in all different shapes, colors, sizes, and textures, there's one for every dog. Some toys crinkle, some have squeakers, and some make animal noises for added entertainment!
